OYSA Futsal League Operational Plan

OYSA and the OYSA Futsal League are dedicated to protecting the health and safety of all people who participate in the league. The purpose of this document is to provide athletes, parents, coaches, and soccer organizations with information they can use to assist them with league play protocols in the context of COVID-19. Our procedures and responsibilities rely upon rules and regulations set forth by our public health authorities.

In addition to the information below, we ask that everyone also follow the Return to Play Guidelines listed on the OYSA website. These items are in addition to that information.

The information listed below is required by each of the stakeholders for participation in the OYSA Futsal League. Any clubs or teams that fail to comply with these responsibilities may forfeit their game, be removed from the league, and forfeit any remaining games (with corresponding fines from OYSA Futsal League Rules applying)

Items highlighted with yellow indicate an update from the previous version.
